

we can design and customise **back-to-office** protocols to suit your specific business needs.

#### Our Back to Office Protocols

It's about SAFETY for all:

- BOP's in place
  - Office access
  - Sanitizing
  - Physical distancing
  - Communication
  - Contact points
  - Training
  - Client site specific

#### We have maintained full capability across our integrated services

We have invested in our systems:

- to continue to deliver our full service offering during the COVID-19 situation
- ensuring full compliance to legislation
- we are constantly preparing for what is to come

you too can benefit from our innovative integrated business support services – customised to meet your needs. **contact us today.**

we are fully  
operational  
under the  
new normal

#### PPE

We care about all our people and you:

- all our staff have masks and/or visors
- individual as well as workstation sanitizing
- flasks in order to avoid communal areas
- personal safety kits

#### National Operating Infrastructure

We are at your service:

- our national team are committed to deliver the service excellence we pride ourselves on
- even at a distance we remain close to your business needs, wherever you need us
- we are ready for you

integrated business support services
