

**show care for
our community,
for others,
and for ourself
wear a face mask**

stay alert
stay safe
protect yourself

putting safety first puts our productivity first

i care for me
i care for you
and i care for
our community
**that's why i wear
a face mask**

maintain regular
washing of hands,
wear a mask,
and practise safe
social distancing

putting safety first puts our productivity first

**do not let your
guard down
because of
lockdown fatigue
stay protected**

maintain regular
washing of hands,
wear a mask,
and practise safe
social distancing

putting safety first puts our productivity first

**do not let your
guard down
because of
lockdown fatigue
stay protected**

maintain regular
washing of hands,
wear a mask,
and practise safe
social distancing

putting safety first puts our productivity first

**do not let your
guard down
because of
lockdown fatigue
now is the time
to stay alert**

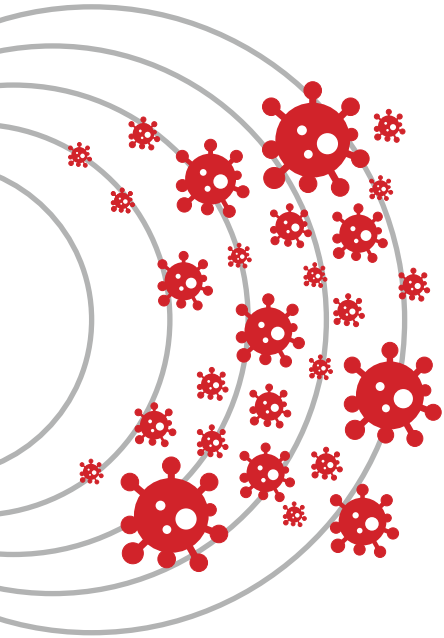

maintain regular washing of hands,
wear a face mask, and
practise safe social distancing

putting safety first puts our productivity first

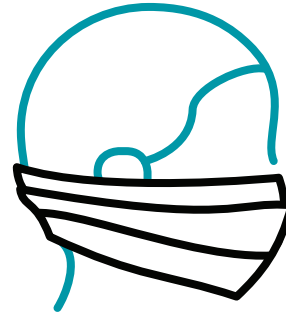

did you know how far coughs travel?

source: physics of fluid

no mask
average distance: 2.4m

single-layer bandana
average distance: 1.1m

folded hankie
average distance: 40cm

dust cone mask
average distance: 20cm

stitched layered mask
average distance: 6cm

surgical mask
average distance: 6cm

i care for me
i care for you
and i care for
our community
**that's why i wear
a face mask**

maintain regular
washing of hands,
wear a mask,
and practise safe
social distancing

putting safety first puts our productivity first
